

## ‘Points4golf’ Membership 2011/2012

The ‘Points4golf’ membership is simple and ideal for the golfer who wishes to pre-pay his membership for a nominal fee and top up when and if required throughout the year. Once you have submitted your membership form and joined the club your membership swipe card will be loaded with 1000 points. All you have to do is use your 1000 points within the membership year that starts from the day you join and continues for 12 months after. At the end of your membership year any points left from your original 1000 will be cancelled. However if you add to your points throughout the year any remaining points will be carried forward into the next membership year.

The charts below represent the points each round of golf costs on both courses for yourself and if you wish, paying for your guests. If you run out of points throughout the year you can top your points up in £50 increments that give you an extra 250 points on your card. You then use those points to pay for your golf throughout the year.

### 18 hole individual points cost
